REACH Regulation Compliance Statement

REACH (Registration, Evaluation, Authorization and Restriction of Chemicals, EC1907/2006) is the European Union's (EU) chemical substance regulatory framework. REACH requires JEM Technical to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.3% weight by weight (w/w) to allow safe use of the product.

To comply with this requirement, JEM Technical certifies that to the best of its knowledge that all products that are manufactured and distributed do not contain substances listed on the Candidate List of Substances of Very High Concern, as updated on June 27th, 2018, in a concentration above 0.3% weight by weight.

List of substances of Very High Concern can be found at: <https://echa.europa.eu/substances-restricted-under-reach>

Should you have further questions regarding the warning language, please contact JEM Technical.
